Okaya & Co., Ltd.

## Donations for Australian Forest Fire Damage

The Australian forest fires, which have been occurring frequently since September 2019, are vast, widespread, and long-lasting, with many people deceased and severe damage to wildlife and plants. Along with our group company, Okaya & Co., Ltd. will contribute a total of approximately 1 million Japanese yen to victims affected by the disaster in early February.

We sincerely express our heartfelt sympathy to everyone in the disaster area and wish them a quick recovery as soon as possible.

1. Contributing companies: Okaya & Co., Ltd.  
Okaya Australia Pty. Ltd.
